The Selectmen have signed the following Receipt :

Whereas, the town of Canaan, N. H., at the annual meeting in March last voted to accept and allow the selectmen to receipt to Wyman Pattee for ten shares of capital stock of the Northern R. R., to be forever kept by said town as a trust fund, to be known as the Pattee fund, one-half of the income to go to the town and be expended as they see fit, and one-half to be expended on the West Canaan cemetery by its agent in the care, maintenance and embellishment of the same.

Now we, the selectmen of said town, hereby acknowledge the receipt of a certificate for ten shares of the capital stock of said Northern R. R., to be held in trust by said town, for the purposes aforesaid, and we agree for said town that said certificate shall be kept and said trust shall forever be carried out in good faith,

and under penalty of forfeiture, one-half the income shall each year be turned over to the agent of said cemetery to be expended in manner provided by the terms of said gifts with special care for the Pattee lots therein.

It is understood that the certificate of stock so generously presented to the town for the above purchasers was the gift of the following persons:

Canaan, N. H., Feb. 15, 1902.

Report of the Board of Health.

For 1901-2.

We closed our report for 1901, speaking of the benefit that would come to the people of the State, with the passage of the bill before the legislature to establish a Bacteriological and Chemical Laboratory, for the examination of sputum for diphtheria, have been made to settle questions arising regarding cases of the dread disease, of which we had a number in the Spring and Summer.

The important question to day however, is that of vaccination, and that to be effective, to be successful, to protect against small pox, must be compulsory, and we only wonder now why the last legislature did not pass a law making it so; however they did well in passing the law making it compulsory for school children, but we must not rest satisfied with anything short of a law to protect all. In England every child must be vaccinated before the second month, and the most of the Continental countries have made it compulsory, and we last year spoke of what the Insurance companies expect of every applicant.

One of the best authorities in our country to-day, Dr. George F. Shrady of New York city, is quoted as saying: "The cause of the present spread of small pox is not far to seek. For years we enjoyed a comparative immunity from the disease; out of this immunity grew carelessness, negligence, etc., etc."

The virus used to-day is all from animals; no humanized

virus is used, so there need be no fear of any bad after effects of vaccination.

Again we call attention to the law in regard to dumping waste material beside the roads, then if those in the habit of doing it, are called into court and fined, they cannot plead ignorance of the law, or that they were not notified.

E. M. TUCKER, M. D., Secretary.
